Indications.  
WASHINGTON, Sept. 7.—Tennessee and Ohio Valley, threatening weather and rain, frequently increasing southerly winds, slight rise in temperature, lower barometer.

### HE PAUSED

And stood as solemn as an undertaker. He had paid \$5 too much money for his suit, and through mere accident found it out. But alas! too late to make amends, as the suit was purchased from a firm whose dealings are on the principle of "get all you can, keep all you get." Is such experience worth what it costs?

Plaid rage. More numerous styles are here. Windowfulom today. More generous piles are to be found on tables back. Then to order, from sample on table midway down center aisle, \$20 up. Not a mean thing about the \$12, or even the \$10 fall overcoat. The material was an undervalue purchase, the making done at a doll season of the year. These two reasons, together with other advantages we enjoy in the clothing field, make these telling prices.

We might just as well say the same of pants, for every expense from the first to the last is carefully watched and cropped close. It shows in the \$1.25 grade, the \$1.50, \$1.75 and \$2 grades, and every grade above. To become interested in fine pantaloons it's only necessary to go through and examine lines made from the celebrated Globe Mills Casimere, of which no house but Ours keeps. It's no throwaway when you buy Ours pants at what they're worth.

Knee pant suits. We have about five hundred new ones just from our factory, to be sold at \$2, \$2.50, \$3, \$3.50, \$4, to \$10 per suit. If boys' clothing is worth having, it's worth buying right from dealers who expect to see you again.

News about shirts of the most remarkable kinds. Let us go at once to details. A certain brand of unadorned shirts made for our trade especially, introduced by us and first sold in Springfield in May, '84. We have sold continuously since. The record of price and quality has remained the same from the start, and are in every way equal, if not superior, to shirts you previously paid the ancient merchant a third more money for, for each or \$6 per dozen at all times. The "Seal" shirt, now comparatively new to our customers, is fast gaining favor among gentlemen who have heretofore had their garments made to order, for \$6 or \$7 each. It might be well to speak of making and materials. Best "Lima No. 1" muslin, twenty-two hundred linen front, neckband and wristbands, faced back and sleeves, patent continuous back stay, reinforced back and front, double stitched binding, etc., making the most finished fine shirt ever shown in this market. They are simply goodness and cheapness combined. This "Seal" shirt may be seen in our large double window, and also at the rear end of our store. Call for the "Seal".

We have just received two cases of working shirts. Also a large line of overalls from 25c up. A big drive at 40c.

## SHROUDED IN MYSTERY.

### THREE MYSTERIOUS DEATHS HAPPEN IN ONE FAMILY

Within a Short Time—A Father and Mother Poisoned, It is Alleged, by a Young Woman Who Desired to Marry Their Son—She Then Poisons Herself.

QUINCY, Ill., Sept. 7.—There is much excitement at St. Joseph, this county, over three mysterious deaths which have occurred within a short time in one family. Mr. and Mrs. Hiram Peabody were prominent and honored residents. Miss Belle Hasty, a young woman of fine character and pleasant manners, lived with the Peabody family and was said to have been engaged to young Silas Peabody. Young Peabody's parents, particularly his mother, were opposed to this marriage, owing to Miss Hasty's poor health. On August second, Mrs. Peabody died suddenly of what appeared to be neuritis of the stomach; on August 17th, Mr. Peabody died with the same symptoms. On Sept. 1st, Miss Hasty and young Silas Peabody were taken with the same symptoms and the young man died while the young man recovered. Since that time suspicion has been awakened by the alleged discovery of a package of rat poison, pinned to an under garment, which Miss Hasty had laid off just before her death, that the latter had poisoned Mr. and Mrs. Peabody with the hopes of marrying their son, and then concluded to kill him and herself.

### THOSE THIEVING TRUSTEES.

#### The Three Worthies Found in Ontario—They Say a Chicago Man Beat Them.

WASHINGTON, Ind., Sept. 8.—There are some new developments in the Davis county trustee frauds. Grimby, Brown and Clark, the absconding trustees, have been seen and interviewed in Hamilton, Ontario. Mr. Billheimer, one of the attorneys at Washington, went to Canada shortly after they disappeared and came across them in Hamilton. Mr. Billheimer says: "When I arrived at Hamilton, Ontario, I found three of the gloomiest trustees I ever saw. They offered no apologies or explanations concerning their schemes. They blamed a Chicago party for a good part of the mischief. I don't believe the three trustees have much left and I think the Chicago man beat them out of all they raised on the fraudulent warrants, because paper was made out to his order and will be promissory to hand over the money to them as he disposed of the paper. It is a fact, however, that neither of the three could approximate how much paper they had issued. The total amount cannot be estimated at less than \$250,000 for the three trustees." This and the fact that Peary county has discovered an apparently illegal issue of \$8,000 of certificates by former trustees, has caused considerable alarm among the people of this section, and may result in an extra session of the legislature for the purpose of amending the laws which, at present, it is said, allow trustees almost unlimited power in raising money for which value received does not enter as a consideration.

### SANDY HOOK BOAT KEEPER.

SANDY HOOK, Sept. 8, 10:30 a. m.—Puritan and Genesta are now under sail and heading towards the point of the hook to try issues again. Wind is light from the east and the weather fair. Puritan and Genesta passed outside the hook near together at 12:25 a. m.

SANDY HOOK, Sept. 8, 10:45 a. m.—The weather is fair and prospects good for a knoe race today. Puritan and Genesta are drawing near Scotland Light Ship, from which point the start is to be made today.

SANDY HOOK, Sept. 8, 11:08 a. m.—Puritan has taken the Genesta in tow, returning to the hook. Puritan is also returning. Genesta has her bowsprit on deck.

SANDY HOOK, Sept. 8, 1:41 p. m.—Puritan had her main sail badly torn while in collision with Genesta.

SANDY HOOK, Sept. 8, 12:35 p. m.—The Judge's boat has taken the Genesta in tow, returning to the hook. Puritan is also returning. Genesta has her bowsprit on deck.

SANDY HOOK, Sept. 8, 1 p. m.—On account of the accident to the competing yachts, the race is off for today.

### HEAVY RAINS IN KANSAS.

PARSONS, Kans., Sept. 8.—Heavy rains have flooded the streets and water has rushed through them with fearful velocity, covering the sidewalks and flooding the cellars. The city is surrounded by water, which in some places is several miles wide. Many people living in the suburbs have been forced to vacate their houses. Crops on the bottom lands are totally lost. A train from Kansas City has come in since Sunday night. In several places east and north of here, water is running over the track and washouts are feared should more rain fall.

### Examination of the Fall Mail Gazette.

LONDON, Sept. 8.—Examination of Mr. Stead, editor of the Fall Mail Gazette, and other defendants was resumed this morning. Mrs. Armstrong denied, in a most emphatic manner, that she had sold her daughter for immoral purposes. Upon cross-examination, Eliza Armstrong admitted that with the exception of the indignities referred to in her testimony yesterday, her abductors had treated her kindly.

### Dead Body Found.

NEW YORK, Sept. 8.—This morning the dead body of a man was found in a summer house in Central Park. He was about sixty years of age, had gray hair and a full gray beard. On his person were two pills of poison, labelled Washington, a package of arsenic and a large revolver. He is supposed to be P. S. Bush. He had letters addressed to all the newspapers of the city.

### New Premier in Spain.

LONDON, Sept. 8.—Though the report that General Lopez Dominguez has succeeded to the office of the Spanish government is not verified, it is generally believed that he will be appointed premier. He is the only general who is able to suppress the present popular agitation in or out of office.

### Anticipated Revolution.

PARIS, Sept. 8.—A majority of the newspapers here expect a strong anti-German feeling provoked throughout Spain by the Carlist affair, and that it will result in a revolution in that country, as the people manifest hostile feeling against Alfonso and his ministry.

### Our Spanish Minister Ill.

LONDON, Sept. 8.—A dispatch from Madrid states that Don John W. Foster, American minister, has been unwell for the past few days and last night he became worse.

### Main Cable All Right.

BOSTON, Mass., Sept. 8.—The steamer Minia finished the repairs of the District Cable company's main cable yesterday.

### Acquitted.

MILK CITY, Mont., September 8.—Lieutenant Colonel Cochrane, of the Fifth Infantry, Fort Koyah, was acquitted today of perjury.

A resolution was adopted urging traders to suspend relations with Germany while negotiations are pending.

### ROASTED THEM ALIVE.

#### Moh. Unable to Reach Two Prisoners, Burns the Jail Over Their Heads.

WASHINGTON, Ark., Sept. 7.—A mob, on Sunday night, visited the Pike county jail, at Murfreesboro, and made an attempt to shoot the two prisoners confined there for murder, but not being able to get them in range, the mob hauled a load of wood to the jail, piled it against the iron cell, saturated the wood with coal oil, and literally roasted both prisoners alive. Nothing was left standing but the brick walls of the jail. The police murdered a peddler last year, and have had several trials. This was the third effort by mobs to kill them.

### NATIONAL DRUGGISTS' ASSOCIATION.

PITTSBURGH, Sept. 7.—The third annual meeting of the National Retail Druggists' Association convened here this morning. Forty delegates were present. The following officers, to serve the ensuing year, were nominated by a committee and afterwards elected: President, Edward A. Sykes, of Brooklyn; first vice president, A. H. Hollister, of Wisconsin; second vice president, C. F. Grazier, of California; third vice president, A. K. Findlay, of Louisiana; secretary, J. W. Colcord, of Lynn, Mass.; treasurer, F. H. ### SENATOR COTTRILL'S SCHEME.

#### Committed to an Asylum, He Nearly Succeeded, by His Escape, in Keeping Out.

COTTRILL, Wis., Sept. 7.—State Senator Cottrill was brought here, today, by his recently-appointed guardian, Mr. Wasson, who had a commitment from the county court at Milwaukee to confine the senator in the insane asylum here for two years as an inebriate. The superintendent, Dr. Wiggenton, declined to admit Cottrill, ruling that the senator had been committed not as a lunatic but as an inebriate, and, therefore, could not properly be made an inmate of the asylum. Cottrill, who was one of the devisors of the statutes, raised this point to Dr. Wiggenton, and, after an elaborate argument, carried the issue. His guardian, Wasson, finally came to terms, and it was arranged that the senator should remain voluntarily for the time being, until the matter can be decided by the state board of supervision.

### THE MAYOR AMONG THEM.

#### High City Officials of Jackson, Mich., Raided in a Gambling Room.

JACKSON, Mich., Sept. 7.—Last Saturday night, the police raided a new gambling room, and captured the mayor and several prominent city officials. Alexander, the man running the gambling room, had been raided a few days before, in another room, and had changed to the present place, where it was supposed he would be protected by the city officials. No arrests were made, but the names of the players were taken. The cards, chips, etc., were seized. Mayor Pringle, City Attorney Rock, Joseph H. Shaw, owner of the block, and about a dozen others, including some wealthy citizens, were in the room at the time. The affair will probably cause considerable trouble before it is done with, and an attempt will doubtless be made to remove some of the members, if not all, of the police commission.

### THE LARGEST CORN CROP.

#### Indications that this Fall's Corn Crop Will be the Largest on Record.

CHICAGO, Sept. 7.—The Farmers Review will print the following summary, tomorrow, on the corn crop outlook, based on the latest reports from its correspondents:

The cold, damp weather which has prevailed during the past week has retarded the maturing of the corn crop. In a spot, it is, however, some progress has been made. Frosts have been experienced in many localities, but none of sufficient severity to do any injury to the crop. At this writing, Sept. 7, we judge that three-fourths of the corn of the entire country is past danger from frost, and we have strong confidence of the full maturity of the largest crop of corn ever grown in this country.

### THE KNIGHTS SUCCESSFUL.

Col. Talmage, of the Wabash, Accedes to the Terms of the Workmen.

ST. LOUIS, Sept. 7.—Messrs. Powderly and Turner held a successful conference this afternoon with General Manager Talmage, of the Wabash railroad. Col. Talmage dictated, in the presence of Powderly and Turner, the following order, which was at once telegraphed to the superintendent of the motive power and machinery, and the superintendent of the car department of the Wabash road, with directions to instruct their subordinate officers accordingly.

In filling vacancies caused by the discharge of men for incompetency, or by their leaving the service, give the preference over strangers to new men, and the question as to whether they belong to the Knights of Labor or any other order.

Rowing a steady stroke, at the end of the first mile, Ross still held the lead by a length. At the end of two miles Hanlon was leading, Ross second, and Lee third, but at the end of a quarter of a mile the three were about even, and at the conclusion of two and three-quarter miles Ross once more took the lead. Hanlon won, however, by a length, Ross being second.

### GENERAL SPORTING NOTES.

The proprietor of an eastern sporting paper and George Campbell, of Cincinnati, are talking of getting up a national sporting tournament to take place in Chester Park in the near future. The prizes will be of sufficient value to induce the presence of Sullivan, McCaffrey and the other heavyweights.

The W. C. Bryan reported in Saturday night's dispatches to have made 100 yards in 21 seconds at Nashville, Tenn., is a tall player and the wiliest manager of the Nashville club. The chances are that no such time was made and that it will not go on the books.

### The Associated Press Account of the Attempt of Maud S. to beat her record at Providence.

On Thursday was incurred in saying that she made the fastest half-mile on record (1:03.4). At the Belmont course, on August 15, 1884, Jay-Eye-Sec trotted a quarter in 32.4 and the half in 1:03.

### THE MASSACRE DESCRIBED BY A CHINAMAN.

PITTSBURGH, Pa., Sept. 7.—Sam Lung, a tall, fine-looking Chinaman, a merchant at 207 Sanson street, Philadelphia, sat in the Union station this evening waiting for the 8:30 train to depart for the Quaker city. He had come in on the 7 o'clock train from San Francisco and passed through Rock Springs just when the mob made the attack upon the Chinese. He related what he had seen and learned in fairly good English and with much animation.

"About seventeen miles west of Rock Springs," he said, "our train suddenly stopped. I think it was about 4 o'clock in the afternoon. With the other passengers I stuck my head out of the window to learn the cause of the
